

# RMA Online

## Risk maturity self-assessment service

### What is RMA Online?

RMA Online is an online risk maturity self-assessment service available to all VGRMF agencies. The RMA Online service will help you to review, understand and improve your internal risk management practices on an annual basis.

### What does RMA Online provide?

- ✓ An indicator of your agency's current risk maturity
- ✓ A Maturity Rating score and Confidence Level matching up to the VGRMF
- ✓ Tailored action plan to help you improve your risk management practices
- ✓ Year on year benchmarking to assist with monitoring
- ✓ Comparison of your agency's results with other government agencies
- ✓ Reporting to view, download, print and use

### How do I get access to it?

As a VGRMF agency, you will automatically be provided with access. Your agency will have your own unique external URL that allows you to login anywhere, anytime from any device. Team members can be provided with access to update an action plan or use the results.

### What's involved?

VMIA will release an annual RMA Online self-assessment campaign from 1 July to 30 June. During this time you will:

- Answer questions** – Answer yes or no to a series of self-assessment questions across three topics
- Review results** – View your agency's current maturity rating score and confidence level
- Develop action plan** – Select from a list of improvement opportunities to create a tailored action plan
- Implement and update action plan** – An optional step, to work through your action plan and improve results
- Submit** – Finalise and submit your results
- View benchmarking** – once the campaign is closed all submitted results will be included in a series of benchmarking results and reports

VMIA offers a range of support options to help you get the most out of RMA Online.
